June 2022

Dear Families and Incoming First Grade Students,

Welcome to First Grade! As you begin to enjoy summer, we encourage you to continue to make reading an important part of your family’s activities. While reading instruction will be emphasized by your child’s teacher throughout the school year, children need to continue to read during the summer months, not only for enjoyment, but also to sustain and strengthen skills they have already developed. We have provided a list of ***suggested*** titles appropriate for First Grade-aged children to get you started with ideas, but **please feel free to read beyond** them! If needed, you can reach out to your child’s teacher for additional guidance about appropriate book choices.

Upon request, a Chromebook can be made available to your incoming First Grade student for reading digital texts if needed. Please reach out to the elementary school at which your child is registered to make arrangements.

To support families on their annual Summer Reading journeys, we partner with the [West Milford Township Public Library](http://West Milford Township Public Library). You can access Summer Reading information on their website at [wmtl.org](http://wmtl.org)

Reading over summer vacation may not be a priority for children, but parents and teachers should make it one. Why? Summer reading is critical to a child's ability to not only retain information learned the previous year, but also to grow in knowledge and **critical thinking skills** for the coming year. Literacy expert Julie Wood believes that it is necessary for children to **read on a daily basis** in order to maintain literacy skills learned in the previous school year.

All of this information can be accessed on the District’s website. If you have any questions, please feel free to contact me.

Have a wonderful, word-filled summer!

**Finding a book that is right for you:**

- Select a book you would like to read.
- Look through the book and read a page.
- Every time you come to a word you don't know, count it on your finger.
- If you use up five or more fingers by the end of the page, the book is too difficult for you to read independently, but read it with your parent.
- Select another book to read independently.
- A great resource to help you find books is:
